Participation Policy

As discussed during your tour, our Primary Program is designed as a full three-year cycle that includes the Kindergarten year. We strongly encourage families to plan for their child to complete the full program, as this continuity is essential to fully benefit from the Montessori experience. While we understand that family needs sometimes change, completing the Primary Program—including Kindergarten—is a key part of our school's philosophy. We prioritize enrollment for siblings when families are aligned with the full scope of our programs. Incomplete program enrollment (outside of unavoidable circumstances such as relocation) may impact future enrollment decisions for younger siblings. In addition: Both parents agree to support their child and the school by assuring that the student will arrive on time and attend all scheduled school days unless prior arrangements have been made with LMS as to the student's absence or the student is absent due to medical reasons. The parents also understand the importance of their involvement in LMS and hereby express their intention to attend all School functions and Parent Nights. It is a MANDATORY requirement for all first year LMS families to attend the first Parent Information Night in addition to 2 Parent Education Nights throughout the school year (these can be replaced with 1 Journey & Discovery plus the Parent Information Night). These evenings are important as they explore Montessori Philosophy, discipline ideas and environmental changes you can make at home. We will always offer dinner and childcare, so we hope you attend all of them! Please

Lifetime Montessori School

sign up in advance for LMS childcare during the Parent Education nights you select. If you miss any of these nights during a school year, we may recognize that you are not committed to the Montessori program or our community and may ask you to leave to make space for another family.

Lifetime Montessori School also requires at least one parent/guardian to attend at least two **MANDATORY observation sessions**. These observations may take place anytime throughout the school year, but we will also set aside times for you to observe your child just before your parent/teacher conference in November and March.
